It is quite common when working in ePAGE to need to go from **Funding Applications** to the **Planning Tool**. In the example that follows, we are at the **Consolidated Application Spending Plan, Migrant Education Title I-C** page.

Click **Planning Tool** from a **Funding Applications** page.

You will notice a new selection available under **Funding Applications** in the left menu bar: **Last Page Visited (FA)**. See the example that follows.

If you work in the **Planning Tool** in either the **School District / Agency Plan** section or **School District Improvement Plan Requirements** section, you will notice this left menu bar selection remains an option. (This left menu bar selection goes away if you click a **School** function in the **Planning Tool**.)

Notice this is the ***Funding Applications*** page where you were before you went to work in the ***Planning Tool***.

The screenshot shows the ePAGE Home interface. On the left is a navigation menu with links: ePAGE Home, Search School Districts, Admin Tools, Edit User Info, Doc Library, Contact NDE, Logout, Planning Tool, Funding Applications, Sections, RFFs, Address Book, and Help. The main content area shows the breadcrumb 'Home >> Grants >>' followed by the page title 'Spending Plan Details - Migrant Education, Title I-C' which is circled in purple. Below the title is a link 'Washoe County SB (16)' and a text 'Application - FY 2008 (Rev 3)'. A red arrow points from a text box labeled 'Notice the Current Page' to the page title. Below the title are navigation buttons '<<' and '>>'. The form contains three sections: 'Needs Assessment' with input fields for 'Projected Number of Staff' (value 1), 'Projected Number of FTEs' (value 1), and 'Projected Enrollment' (value 20); 'Core Areas (Check at least one)' with checkboxes for 'Reading/Language Arts' (checked), 'Math' (checked), and 'Science' (unchecked); and 'Grade Grouping Served (Check at least one)' with checkboxes for 'Preschool' (checked), 'Kindergarten' (checked), 'Elementary' (checked), 'Middle School' (checked), and 'Secondary' (checked).

You may find this a time saving way to toggle from ***Funding Applications*** to the ***Planning Tool***, then come back to where you left off in ***Funding Applications***.

When done, ***Logout*** at the left menu bar.
